

## New York Medication Grant Program Provider Bulletin

### **BULLETIN NO. 11-01**

#### **Change in Professional Pharmacy Dispensing Fee – November 2022**

The New York State Office of Mental Health has revised the pharmacy professional dispensing fee to align with the New York State Medicaid professional dispensing fee. This professional dispensing fee will increase from \$10.08 to \$10.18 for covered outpatient drugs, when applicable. This change will be effective as of September 22, 2022, and any future claims and rebills will reflect the increased professional dispensing fee amount. The change in the professional dispensing fee affects only the cost of the drugs paying under non-U&C pricing rules.
